

Compliance “Hot Spots”/What to do About Them

The CFPB and the existing regulations are not going away! Therefore, you need to understand these regulations and get compliant as soon as possible! In this session leading attorneys will explain the compliance “hot spots” and provide tips on how to avoid making compliance mistakes that can cost you millions. Earlier in this conference you learned about the legal / regulatory challenges and now you can find the solutions in this session. If you think compliance is expensive try the cost of not being compliant! This session is a “must attend.”
